D. HYGEN™ 18" Microfiber Finish Starter Kit

Designed for specialized floor cleaning and finish applications. Microfiber pads are traditional blue and white color, optimum shape for smooth, even application of floor finish. Durable construction, dense 3-5 micrometer quality fiber removes more dust, dirt and microbes than conventional cleaning products. Foam liner controls liquid content and release. Advanced hook-and-loop backing attaches pad more securely, holds-up under harsh laundering conditions (more than 300 launderings). Quick-Connect Frame constructed of lightweight aluminum, flat profile is sanitary and easy to clean. Finish bucket is color-coded blue to differentiate use. "Washboard surface" removes dirt and debris from mop pads before wringing. Twist valve empties contents without lifting. Smooth, non-porous surface helps prevent bacterial growth and cleans easily. Starter kit includes: six Microfiber Finish Pads (RCP Q800); one Quick-Connect Wet/Dry Frame (RCP Q560); and one Finish Bucket (RCP Q930). Shpg. wt. 12.1-lbs.
